

Western's International Travel Registry

User Guide for Faculty and Staff Leading Student Trips Abroad

All Western students participating in University sanctioned international activities are required to enrol in Western's International Travel Registry prior to departing Canada. As the activity sponsor, it is highly recommended that you complete the following step of the Travel Registry. This step includes entering your own travel information (such as flight information, dates, locations) into MyTrips with International SOS (ISOS), no later than 3 weeks prior to travel, to ensure that you as the trip leader are also receiving the same level of ISOS support, travel and medical alerts, as the students participating in the trip.

This information also enables Western to monitor the student group's safety, update you and the students on travel advisories from the Canadian Government and locate and provide assistance in case of an emergency overseas.

If you have questions about this process, please email travelregistry@uwo.ca.

Register in MyTrips/International SOS

(Step-by-step illustrations are available below the instructions)

Western International has invested in the services of International SOS (ISOS), providing access 24-hours a day worldwide to expertise and assistance with travel preparations, medical, security and emergency needs.

Be prepared. Access pre-travel information and guidance.

Understand the risks, local environment, health care system and security precautions related to the location(s) you are visiting by accessing detailed country guides. You can contact ISOS Help Centres (call directly or call collect) for general travel advice or if you have questions about the locations you are travelling to. You will need to provide the Western University membership number when you contact ISOS. The membership number can be found [online](#). (*Western login credentials required*).

Register your itinerary with MyTrips.

1. Go to this [International SOS web link](#) and register your account **using your Western email address**.
2. You will be asked to select a password and two security questions. You will be required to activate your account by clicking on the link that will be sent to you via email. Your account will need to be activated within 24 hours, otherwise it will expire. Please monitor your email spam/junk folder(s) as this email may be filtered to these folders.
3. Once your account is activated, login using your Western email address and the password you created in the step above to complete your profile.
4. Enter your travel itinerary by selecting 'Create New Trip'.
5. Choose a trip name, then create your trip segments through the respective tabs (e.g. Add Flight, Add Accommodation, Add Train, Add Ground Transportation).
6. You are required to complete the trip segment relating to your **round trip flight(s)**, the other segments are optional.
 - a. Enter your flight information by selecting the 'Add Flight' tab and completing the corresponding information, then select 'Save'.
 - b. Each flight (e.g. departure, transit and return) must be entered individually.
 - c. If all your flight details are not yet confirmed, you can save the information you currently have available and edit your trip at a later date. Please ensure that to the extent possible your flight details are up to date in MyTrips **before** you depart Canada.
 - d. **NOTE: For travel to the United States**, if you are travelling by car instead of by air, please complete the information in the Ground Transportation tab instead of the Flight tab. Use the 'Pickup' and 'Dropoff' fields to list your equivalent departure and arrival information. If you are driving independently with your own car or a rental (not using a ground transportation company), please include your name in the 'Name' field. If you are using a ground transportation service, please include the company name in the 'Name' field. Each travel segment (e.g. drive to and from the US location) must be entered individually.

7. You will receive a confirmation email, sent to your Western email account, from ISOS with specific information related to your upcoming travel. Please note this email might take up to 24 hours. Please monitor your email spam/junk folder(s) as this email may be filtered to these folders.
 - a. **NOTE:** This email confirmation will refer to Western's International Travel Registry as a two-step process. Faculty and staff leading student trips abroad are not required to complete the first step of the process. However, you must request that participating students complete both steps of the Travel Registry.

Returning Users: Once you have activated your account with MyTrips (steps 1-3 above), you can login any time to make changes to your itinerary or add new trips by simply completing steps 4-7 above.
