Triple Helix: Top Sector Policy (2010-2020)

Mission driven Innovation Policy (2020-2025)

- Emphasis on **four societal themes** and key enabling technologies

- Government initiates development
 - With corresponding top teams, civil society and other stakeholders
 - Aimed at entire chain fundamental research - market introduction
 - Attention for market development: regulating and launching customer role government and authorities

Education partnerships / funding schemes

nuffic The Dutch organisation for internationalisation in education

Dutch Research Council

Strategy 2019-22: Connecting Science & Society

Two international funding schemes:

- Money follows researcher
- Money follows cooperation

Dutch Research Council

Money follows researcher

- Ongoing project
- Stick to original design
- Proper supervision
- Agreement about purchased machinery
- Agreement about remainder of funding
- No conflicts with sanction regimes

Dutch Research Council

Money follows cooperation

- Budget module, applicable to most NWO-funded projects
- Expertise that is not available in the Netherlands
- Up to 50% of total budget
- Foreign institute as (co-)applicant
- No conflicts with sanction regimes
