

Western's International Research Collaborating Institutions 2013-2017

In the period 2013-2017, institutions in nine countries had the most intensive student mobility activity and research publication collaborations, with Western – and the ranked list is in the table below. Those that have existing agreements with Western are marked with an asterisk. Also identified, are institutions that are members of regional groupings of leading research-oriented universities. The regional groupings are as follows: China's C-9 Consortium (CC9), Leading European Research Universities (LERU), The Association of East Asian Research Universities (AEARU), Association of American Universities (AAU), The Russell Group (RG), Association of Commonwealth Universities (ACU) and Australia's Go8 (Go8). Western is a member of Canada's U-15 Group of Canadian Research Universities. Each institution's 2019 QS world universities ranking (WUR) is indicated.
